

Duck floating feed

Feed number: 864.90

3966

Suitable for: Ducks and other aquatic birds

YOUR BENEFITS

- Due to the extrusion process this feed has got good floating properties which allows species-appropriate feeding in the water
- Without sprayed fat coating to prevent grease release into the water
- Needs-based supplementation with vitamins and trace elements
- ♦ High-quality animal and vegetable sources of protein
- Ideal calcium: phosphorus ratio for good egg shell quality and better breeding results

We are happy to work with you to create an individual feeding recommendation
